**Re:** First Request for Information; Portland Harbor Superfund Site, Portland, Oregon-  
Response of Kinder Morgan Bulk Terminals, Inc. for Port of Portland's Terminal 5.

Dear Ms. Koch:

This letter and accompanying documents concerning Kinder Morgan Bulk Terminals, Inc.'s operations at the Port of Portland's Terminal 5 ("Response") are sent by Kinder Morgan Bulk Terminals, Inc. ("KMBT") in response to the February 9, 2011 information request ("Information Request").

The information contained in this Response sets forth KMBT's current understanding of the items referenced. Due to the breadth of the Information Request, the time periods at issue, the fact that many of the subjects referenced in the Information Request may not be answered by persons with first-hand knowledge or responsible documents, it is possible that additional facts and documents not currently known to KMBT may provide additional or different information. This Response is KMBT's good faith effort to respond to the Information Request.

From March 14, 1996 to May 31, 2011, KMBT, formerly Hall-Buck Marine, Inc. operated the portion of Terminal 5 leased by Portland Bulk Terminals, L.L.C. ("PBT"). Due to its role in Terminal 5 operations, KMBT participated in the preparation of PBT's 104e response, which was submitted to EPA in 2008, by providing a significant portion of the responsive information and supporting documents. Because most information has not changed since 2008, KMBT proposed, and we understand that the EPA agreed, that KMBT may incorporate PBT's 104(e) response by reference.

***Thus, where no answer is provided, KMBT hereby incorporates PBT's response to that question by reference. To the extent new data is available or where changes have occurred since PBT's 2008 response was submitted, KMBT has provided those answers below and attached.***
